Dear Colleague:

In the fall of 1989, you and 116,670 other registered nurses embarked on a remarkable journey to expand our understanding of women’s health. Sixteen years later, the fruits of our collaboration are bountiful. Dozens of scientific papers have been published, and as a result, many of the facts that we now take for granted about health and diet have come from the Nurses’ Health Studies. Thank you for making this possible through your dedication, enthusiasm and loyal participation.

To continue to update your health status and continue our work together we are pleased to offer you the choice of completing either an on-line questionnaire or the attached traditional form. The on-line survey is available at www.NHS2.org and can be accessed with your ID number. Over 19,000 of the responses to the previous questionnaire were completed on-line. We hope that this option will make your continued involvement in the study more convenient. The questionnaire is being sent to each of the 116,671 members of NHS II and should take about 30 minutes to complete.

We know that you will give this questionnaire the same careful consideration that you have given our forms since the study began in 1989. As always, all information you provide is kept strictly confidential and is used for medical statistical purposes only. If you have any questions about the study or the questionnaire, you may contact us at the address shown above.

We value each member of the Nurses’ Health Study II as a colleague in our research, regardless of your employment (or retirement) status. Also, whether your health has been excellent or if you have been ill, your response is equally important. In short, no matter what your circumstances, we would like to hear from you!

It is with our deepest gratitude that we thank you again for the time and care that you have continued to offer to help us all learn more about women’s health.

Sincerely,

Walter Willett, M.D.
Professor of Epidemiology and Nutrition

Do you have e-mail?
If you do, please print your e-mail address in the box so that we may send you occasional updates on the progress of the Nurses’ Health Study II. Example: NHS2@channing.harvard.edu

We will not release your e-mail address to anyone!
INSTRUCTIONS

INTERNET:
Go to our website at www.NHS2.org and use your ID number (see front of this page) and your birth date to log in. Follow the instructions on the screen to complete the survey on-line.

PAPER FORM:
Please use an ordinary No. 2 pencil to answer all questions. Fill in the appropriate response circles completely. The form is designed to be read by optical-scanning equipment, so it is important that you keep any write-in responses within the spaces provided and erase any incorrect marks completely. If you have comments, please write them on a separate piece of paper.

EXAMPLE: Mark “Yes” bubble and Year of Diagnosis bubble for each illness you have had diagnosed.

11. Since June 2003, have you had any of these clinician-diagnosed illnesses?

- Myocardial infarction (heart attack)
- Angina pectoris
- Coronary bypass, angioplasty, or stent
- Transient ischemic attack (TIA)

Please fill in the circles completely; do not mark this way: ✓ ✗ ✗

• Please tear off the cover letter (to preserve confidentiality) and return the questionnaire in the enclosed postage-paid envelope.

• If your name and address as printed on this questionnaire are no longer correct or are incomplete, or if you are providing your e-mail address, please make any necessary changes on the letter and return it to us.

• Thank you for completing the 2005 Nurses’ Health Study II Questionnaire.

Federal research regulations require us to include the following information:
There are no direct benefits to you from participating in this study.
The risk of breach of confidentiality associated with participation in this study is very small.
Your choice to participate in this study is completely voluntary and you may decline or withdraw at any time without penalty.
You may skip any question you do not wish to answer.
You will not receive monetary compensation for participating.
If you have any questions regarding your rights as a research participant, you are encouraged to call a representative of the Human Subjects Committee at the Harvard School of Public Health (617-384-5480).

4. **SINCE JUNE 2003, have you used oral contraceptives (OCs)?**
   - Yes
   - No

   a) How many months did you use hormones since June 2003?

   b) Please indicate the brand and type of OC used longest during this time period. Refer to the OC Brand Code Sheet enclosed with this questionnaire and use the code in this box.

   - Brand: 
   - Code:

5. **Have your natural menstrual periods ceased PERMANENTLY?**
   - No: Premenopausal
   - Yes: No menstrual periods
   - Yes: Had menopause but now have periods induced by hormones
   - Not sure (e.g., started hormones prior to cessation of periods)

6. **Have you had your uterus removed?**
   - No
   - Yes—Date of surgery: 

7. **Have you ever had either of your ovaries surgically removed?**
   - No
   - Yes—One
   - One or both

8. **Since June 2003, have you used Evista (raloxifene) or Nolvadex (tamoxifen)?**
   - Yes
   - No

   a) How many months have you used each drug during the 24-month period between June 2003 and June 2005?

   b) Are you currently using Evista or Nolvadex?
      - No, not currently
      - Yes—Evista
      - Yes—Nolvadex

9. **Are you currently using any over-the-counter (e.g., "herbal," "natural," or soy-based) preparations for hormone replacement or to treat post-menopausal symptoms? (Do NOT include food sources like tofu, soy milk, etc.)**
   - No
   - Yes—What type(s)?
      - Soy estrogen products
      - Natural progesterone cream or wild yam cream
      - Other

10. **Since June 2003, have you used prescription female hormones?**
    - Yes
    - No

    a) How many months did you use hormones since June 2003?

    b) Are you currently using them (within the last month)?
       - Yes
       - No—If No, skip to Part e.

    c) Mark the type(s) of hormones you are CURRENTLY using:

    - Combined: Prempro (cream)
    - Prempro (gold)
    - Prempro (peach)
    - Prempro (light blue)
    - Prempren (Combipatch)
    - FemHRT
    - Oral Premarin
    - Micronized (e.g., Premarin)
    - Dong quai (e.g., Remifemin)
    - Other Estrogen (specify in box below)
    - Other progesterone (specify type)
    - Other hormones CURRENTLY used
      - Specify:

    d) Since June 2003, how many months have you used the preparation(s) you marked in Part c?

    e) If you used oral conjugated estrogen (e.g., Premarin), what dose did you usually take?

    f) If you used oral medroxyprogesterone (e.g., Provera, Cyclin), what dose did you usually take?

    g) What was your pattern of hormone use (Days per Month)?
